Overview

- ◎ The parking facilities will offer a level of convenience, efficiency, safety, security, and protection from weather elements that the people of Wichita and guests of our community have never experienced at Mid-Continent Airport.
- ◎ These new facilities will provide airport patrons and guests with conveniences and service offerings comparable to any similar sized airport in the Country.
- ◎ The new facilities will be designed and built with customer convenience and efficiency foremost in mind, and themed in a regional native style.

Schedule/Funding

◎ Anticipated Schedule

- › Terminal building completion – early 2015
- › Parking completion – early 2015

◎ Project Budget

- › \$40 million general obligation bonds to be retired with airport revenues

◎ Revenue Sources

- › Customer Facility Charge (CFC)
- › Rental car use and lease revenues
- › Parking revenues

Key Features and Conveniences

- ◎ 4 level, 1600 car parking garage designed for horizontal expansion
- ◎ Rental car pickup and drop-off on 1st level parking structure
- ◎ Rental car agency customer service center adjacent to garage
- ◎ Crosswalk canopies to provide a covered pedestrian path connecting with terminal
- ◎ Surface parking service offerings – Close-in, Economy and Park & Ride

Key Features and Conveniences

(continued)

- ◎ Total parking capacity expanded from 3,334 to 4,606 parking spaces.
- ◎ Convenient, safe and weather-protected parking within garage.
- ◎ More public parking service offerings – Garage, Close-in credit/debit card, Economy, Park & Ride.
- ◎ More convenient express services and automated payment options.

1,272 new/additional parking spaces, or 38% increase in total parking capacity
